Quick action on the part of Postmaster W. W. Browning and a bookkeeper employed in the office of the W. W. Browning Printing company resulted in the arrest, Saturday afternoon, of William McMahon, on a charge of forgery. The fellow was arraigned in the municipal court this morning on the charge, waived his preliminary hearing and was bound over to the district court for trial. The alleged offense was the signing of Mr. Browning's name to a check for \$21.50, which was passed on the manager of the Arlington hotel.

The circumstances in the case, as related by Mr. Browning this morning, were that McMahon had been working in the printing office about 3 weeks. Last week, it is alleged, he tore the back page out of the company check book, filled out one of the checks to himself for \$21.50, and then cashed it at the Arlington hotel, where he was living.

Through a further investigation, the detectives learned that McMahon also had passed a check for \$24, bearing the forged signature of Mrs. Annie Paine, of the Paine and Hurst dry goods company. This was made out on a Paine and Hurst company blank check and was passed on the Matson grocery company Saturday.

In the opinion of Mr. Browning and the officers, McMahon secured checks of several firms in the city, while working in the printing office and planned a general fleecing of local storekeepers. He is married, Mrs. McMahon being with him, and claims to have two children in the east.

Herbert Riley, a local youth, also waived his preliminary hearing on a charge of forgery and was bound over to the district court for trial. During the past month, Riley was before the municipal judge several times for drunkenness and served about 10 days time. Saturday, he is alleged to have forged the name of J. H. BRIEF DECISION

We men can say this much: None of our clothes button up the back.

CONVICTED MAN MAY BE SENT TO PROVO INSTITUTION

Thurman Anderson Steele, the young negro who was convicted of second degree burglary a few days ago, was sentenced to the state penitentiary today by Judge James A. Howell for a term of not less than one year nor more than twenty years.

In passing sentence, the court advised the young man that he would call the attention of the board of pardons to his physical condition, and would suggest that the board make investigations with a view to sending him to the epileptic department of the State Mental hospital. The court frankly stated that he believed the prisoner should be sent to the mental hospital as an epileptic.

Testifying in his own behalf, Steele stated that he had suffered of epilepsy since he was a lad about 11 years old, and that there were times when his memory would fail him and he would know nothing of what he did during that time. He had no recollection of burglarizing the place alleged to have been broken into. He was formerly committed to the mental hospital but was released by the superintendent.

FRANCIS X. BUSHMAN AND BEVERLY BAYNE

The Foremost of Screen Artists, Are Seen in the Stellar Roles, the Pretentious Feature.

Francis X. Bushman and Beverly Bayne, the two greatest stars of the silent drama, have the stellar roles in "Man and the Sea," the latest Metro wonderplay, which will be shown here at the Utah Theatre on Thursday, Friday and Saturday. Both are provided with the best roles of their career in this feature, which was produced by the Quality Pictures Corporation. There are scores of intense situations in the story which are handled in masterly manner. One of the big scenes is the burning of a factory, where more than 1,000 persons appear.

Mr. Bushman and Miss Bayne are supported by a strong cast, which includes Helen Dunbar, Grace Valentine, Edward Brennan, John Davidson and other prominent players. Mr. Bushman and Miss Bayne were last seen on the Metro program in "Pennington's Choice," and before that Mr. Bushman was starred with Marguerite Snow in "The Silent Voice." John W. Noble directed the production.

Matchmaker Eddie Dallas of the Elite Athletic club has completed his bookings for this week's boxing show, which will be staged in the old Globe theatre building, Tuesday night. Ten well conditioned and clever boxers will be seen in action, in five four-round bouts according to the matchmaker, who has taken several days to figure out a card to please the fans.

For the main event, Billy Lucas of Seattle and Tommy Crawford of Salt Lake, welterweights, have been matched. Both have been seen in action at the local arena and proven fighters worth watching. Lucas defeated Bud Brown last Tuesday night and Crawford won a decision over Kid Davis, two weeks ago.

Eddie Bronson of Indianapolis and Kid Irish, Salt Lake boxers who have been furnishing good entertainment for the fans of the latter city, will be the principals Tuesday night in the semi-windup. They will box at 150 pounds.

While the chief interest is usually centered on the welterweight bouts, Tuesday's card, according to the athletic club officials, will have three bouts by lighter men that are expected to prove equal to the main events. Young Asavado of Sacramento, who sprung into the limelight two weeks ago by defeating a local negro bantamweight in one and one-half rounds and last week won another victory, is to meet Billy Wall of Ogden. Bat Nelson of Ogden, who celebrated his first appearance in a local ring by defeating Wilkey Johnson in two rounds, is scheduled to go four rounds with Frankie Erne, also of Ogden.

The curtain raiser will be a bout between Young Rivers of San Francisco and Bud Anderson of Ogden. In speaking of the card, Matchmaker Dallas says he has endeavored to avoid booking boxers who are not in good physical condition as he deems it unfair to the fans and the fighters themselves if the latter do not make a good showing.

British Association of Weber county will hold a social Thursday April 6 at 8 o'clock at the Maids' and Matrons club, including singing, dancing and music; admission, 25c for non-members. Members free.—Advertisement.

Earl Maxwell, 22 years of age, was arrested Saturday night by Patrolman T. J. Paine, after a chase, which necessitated the firing of a pistol shot over his head. The youth, it is alleged, started a fight with a Greek named Nick Kado. The melee was witnessed by Officer Paine who immediately started toward the belligerents.

Maxwell started to run and Patrolman Paine followed. The chase was staged on Washington avenue, between Twenty-fifth and Twenty-sixth streets and created considerable excitement.

WATER IS SHIPPED TO THE MINES WEST OF OGDEN

The Lake View Mining company is now purchasing about 21,000 gallons of water daily from the city for culinary purposes at the mines on Promontory. The water is conveyed over the Southern Pacific in large wooden tanks of a capacity of about 7000 gallons each. The water is side-tracked at Saline and hauled by team from there to the mines.

It is expected that other companies in the Promontory district will soon be making like purchases, as water for drinking purposes is not plentiful in the mining camp. The city charges about \$2.50 for each tank of water.
